## *Market Gardeners'* **WHOLESALE CATALOG**

### **High Grade Seeds, Implements, Fertilizers, Twines, and Market Gardeners' Requisites**

**SEEDS.** The crop of various seeds harvested in 1944 was in most instances above expectations. The supply on hand will suffice for all domestic requirements. The seed industry, especially the men and women on the seed-producing farms, has done a marvelous job in keeping our country supplied while foreign sources of supply are cut off. There are a few short items, namely: Early Cabbage, Onion and some sorts of Pepper seeds. We hope you will not be greatly inconvenienced by our inability to fill orders for these.

**IMPLEMENTS.** Seeders and Wheel Hoes will be more plentiful this season. However, we have many unfilled orders from last year which must be taken care of first. Orders booked this year will be filled according to date placed. Repair parts and attachments are in good supply.

**FERTILIZERS.** Due to lack of man power and equipment we are compelled to discontinue the handling of fertilizers, except Nitrate of Soda and Ammonium Nitrate. Both these items will be carried in stock throughout the season.

**RUBBER BANDS.** Synthetic bands can be furnished in sizes from No. 8 to No. 33. They are of good quality at pre-war prices or less.

**TWINES.** A serious shortage has developed in twines for bunching. For the past six months mill shipments have been about one-third of actual requirements. We hope this situation will clear up before long.

Our sincere thanks to all of you who have co-operated so splendidly during the past year. We greatly appreciated your patience when orders were somewhat delayed during the busy season. We shall strive to do better.

### **TERMS AND CONDITIONS**

**All Prices Quoted are Subject to Change at Any Time Without Notice**

**ORDERING.** If possible use our order sheet. Additional order sheets will be sent on request.

Be sure to fill in your name and address. Write plainly; English, Holland or German may be used, for expressions or correspondence.

**PAYING.** All bills are due August 1st next, unless other agreements are made. Overdue accounts will draw interest at the rate of six per cent (6%) per annum.

Credit will be extended to regular customers, providing your account is in good standing.

New customers, applying for credit, will please send paid seed bills of two previous years to prove good standing elsewhere.

Orders for C. O. D. shipments will have prompt attention if 25% of the amount is sent with order.

On spring orders for Garden Seeds we allow 10% discount if paid before April 1st. All other items are net cash. Orders received after April 1st are not subject to discount. No charge for bags at any time.

**Delivery.** No extra charges for delivery within a radius of 50 miles from Chicago. To conserve tires we will have 3 deliveries per week instead of daily.

**SHIPPING.** Shipments can be made by freight, express or parcel post. If no instructions are given, we will use our own judgment. We will prepay FREIGHT shipments of Seeds up to a distance of 300 miles from Chicago. On EXPRESS shipments the customer pays transportation charges on arrival of goods, but we do allow the freight rate on the invoice. Implements, Glass, etc., are quoted and shipped f. o. b. Chicago.

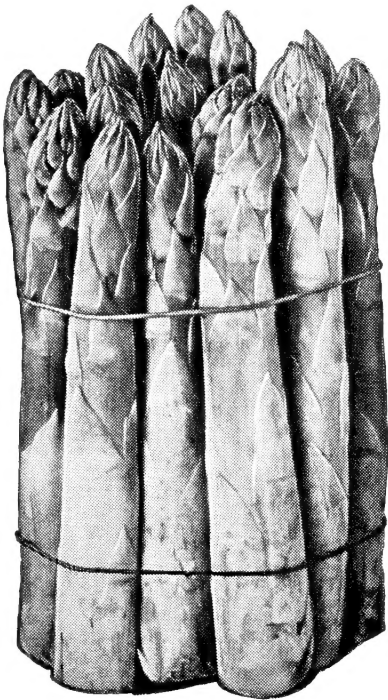

Be sure to note condition of bags on arrival; if torn, have it marked on your freight bill; if spilled out, have the bags weighed and weight also noted on freight bill, otherwise it will be impossible to recover damages.

If for any reason an order or part of an order cannot be filled, we will refund amount sent for such order or part of such order.

**WARRANTY.** The N. Sluis & Sons Company gives no warranty, express or implied, as to the productiveness of any seeds or bulbs it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

From Planting to Harvest Time Quality is Always Our Goal

# CAULIFLOWER

Cauliflower has been a leading item with us for the past 30 years. Our prize-winning stocks of both early and late varieties are now reproduced for us by reliable growers on the west coast. Results for the past three years have been amazingly successful.

	Oz.	¼ lb.	Lb.
<b>Chicago Snowball.</b> The most dependable sort for early crop. First offered by us in 1927, it still is the leading variety today for hotbed seeding. Matures evenly, producing snow-white heads .....	\$3.00	\$9.00	\$32.00

<b>Extra Early Snowball.</b> Matures a few days later than Chicago Snowball. Heads are larger and heavier .....	3.00	9.00	32.00

Protect Your Seeds With CUPROCID

Cuprocide is an orange-yellow fine dusty powder used to prevent seed decay. For treating small lots of seeds a glass jar is convenient. Put seeds and dust in jar and shake until seeds are thoroughly coated. For large quantities a barrel may be used.

Amount of CUPROCID for			
KIND OF SEED	1 lb. Seed	10 lbs. Seed	100 lbs. Seed
Pea, cucumber, melon, squash and all large seeds .....	1/6 tsp.	1½ tsp.	3 ozs.
Sugar beets, spinach, eggplant, beet, tomato, lettuce, celery, pepper .....	1 tsp.	12 tsp.	1½ lbs.
Grass, clover, alfalfa .....	1 tsp.	12 tsp.	1½ lbs.
Sweet pea, petunia, snapdragon, calendula, zinnia, aster, pansy, etc. ....	1 tsp.	12 tsp.	1½ lbs.

Seedlings. When plants are grown under crowded conditions, as in greenhouse or hotbed, "damping-off" or "black leg", may attack them at the surface of the soil. To prevent this apply Cuprocide in a water solution in sprinkling can. Sprinkle seed bed right after planting and repeat at intervals. Follow directions on bag. Price: 3-lb. bag, \$1.65.

Crow Repellent

**Protect Your Seed Corn**

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves loss of seed and labor of re-planting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

**LARGE CAN, \$1.00**  
(Enough for 2 bu. of seed corn)

**SMALL CAN, .60**  
(Enough for 1 bu. of seed corn)

## Sprayers and Blowers

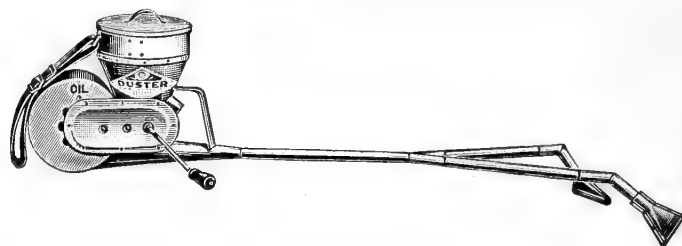

### Rival No. 34G Sprayer

Capacity, 3½ Gallons.

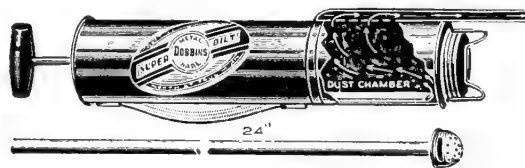

This machine is equipped with hose and 20-inch extension rod, making it easy to put the nozzle close to the plant, enabling you to spray where it is most needed. A few strokes on the pump handle every 10 minutes is all that is necessary to give sufficient pressure. Tank is galvanized, nozzle brass. Price, \$6.00.

### D & B No. 200 Duster

Used for dry dusting only. Large fan operated by crank handle through gears gives a powerful blast, distributing insecticide to every little nook of the leaves. The gears are enclosed in a dustproof case packed with light grease. In addition, it has a curved metal plate with strap to fasten around the waistline of the operator. Dusts one or two rows, as desired. Price: \$14.00.

When using a blower it is advisable to cover mouth and nose with cloth or handkerchief to prevent inhaling of poison dust, likely to cause ill effect.

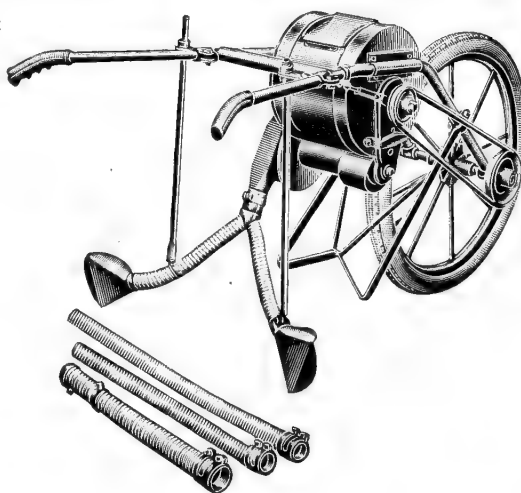

### One-Shot Hand Duster

Delivers powerful load of dust with every stroke. Suitable for dry dusting only. Price, \$1.25.

### Messinger Wheelbarrow Duster

A one-man, traction type duster for all row crops such as potatoes, tomatoes, beans, cabbage, etc.

The big rubber-tired wheel carries all the weight. The flow of dust is regulated by a small lever on the side of the hopper. The dust discharge is at the rear—no walking through a cloud of dust.

Tubes and Nozzles are adjustable for rows 12 to 72 inches apart and in any height from ground to 36 inches.

Capacity of hopper, 12-15 lbs. Empty weight, about 65 lbs.

**Model HT2** (2 row) with 2 tubes and 2 nozzles. \$37.50.

**Model HT4** (2 row) with 2 tubes and 4 nozzles. \$47.50.

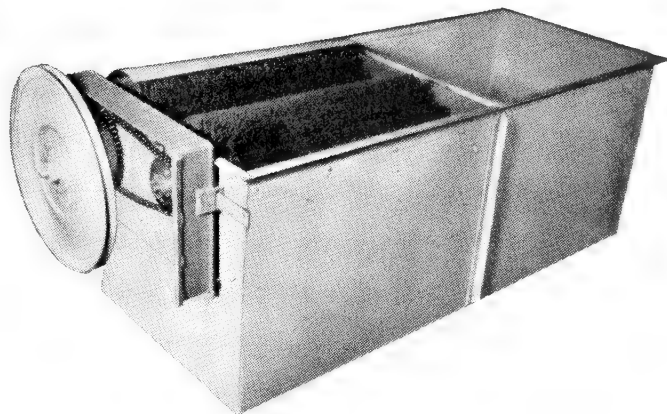

# Washers - Seeders - Fertilizer Drills

## Cicero Bunch Vegetable Washer

A valuable asset to growers of bunch vegetables. Washes off the dirt and polishes the goods while the operator holds them by the tops, usually 4 bunches at a time. No running water required. Just fill the tank and go ahead. Several hundred bunches can be washed without changing water.

Tank is 5 ft. long, 2 ft. wide, and 2 ft. deep; made of heavy galvanized metal with seams riveted. 2-in. drain plug in bottom. Well painted inside and out.

Brushes are 26 inches long and 10 inches in diameter, revolving at a speed of about 160 per minute. Steel sprockets and roller chain are used and Zerk grease fittings installed where needed.

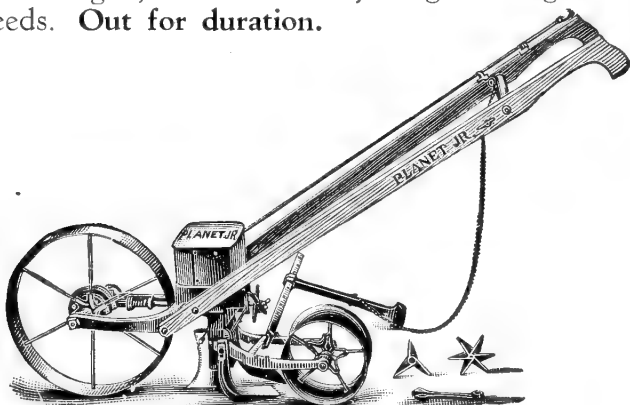

Price, with 19-inch groove pulley . . . \$125.00  
We can furnish "V" belts from 68 inches up to 144 inches in length.

Master Electric Motor, 1/2 H.P. . . . \$31.00  
Weight, less motor, 180 lbs.

## No. 3 Planet Jr. Seeder

Among truck growers this machine is much in use and well liked. Runs light and does the work right; will sow anything in vegetable seeds. Out for duration.

No. 3 Seeder

## No. 300 Planet Jr. Seeder

The ideal machine for the market gardener. Drops evenly and accurately any vegetable seed from the smallest up to Bush Lima beans. New style waved feed wheel does not crush or break beans or peas. Hopper can be removed in a few seconds to empty left-over seeds. Price, \$22.75.

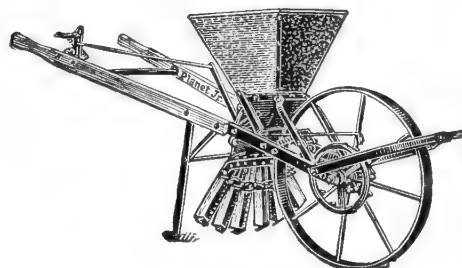

## No. 219 Cultivator with Fertilizer Attachment

This handy machine answers the call for a light, inexpensive, practical tool for side-dressing growing crops. Small enough to go between 12-inch rows. It will handle nitrate and commercial fertilizers.

Price complete . . . \$11.50  
Fertilizer attachment only . . . 7.50

## No. 220 Planet Jr. Fertilizer Drill

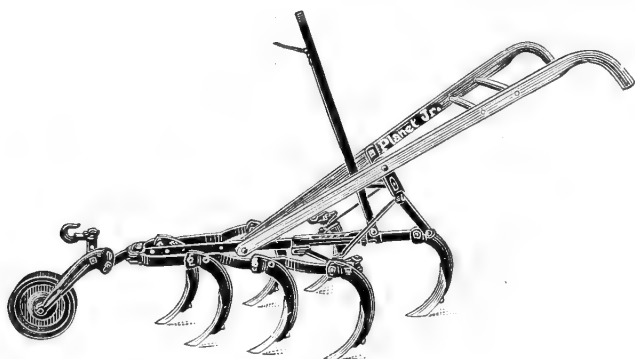

A new model fertilizer distributor, which will do fine work.

Operates like a wheelbarrow, will sow 100 lbs. to over a ton per acre. Feeds the material through 6 galvanized pipes. These are adjustable, capable of covering a strip 30 inches wide. Seldom clogs up. Price, \$31.50.

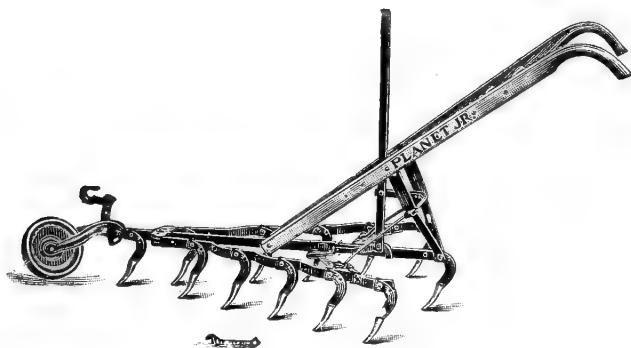

# Planet Jr. Tools

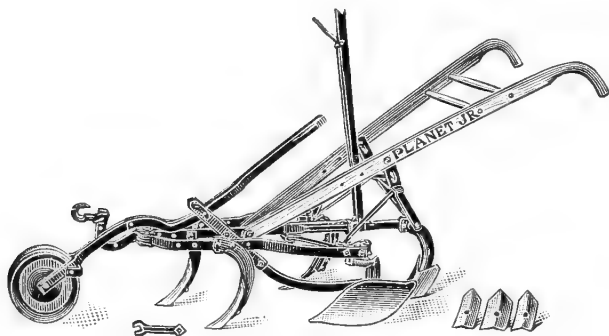

## No. 83 Cultivator

The Seven-Tooth Cultivator has gained in favor, due to the fine work it does; weeds have a very small chance to slip by when these seven shovels are in operation. We recommend this as a valuable tool. **Price, \$15.00.**

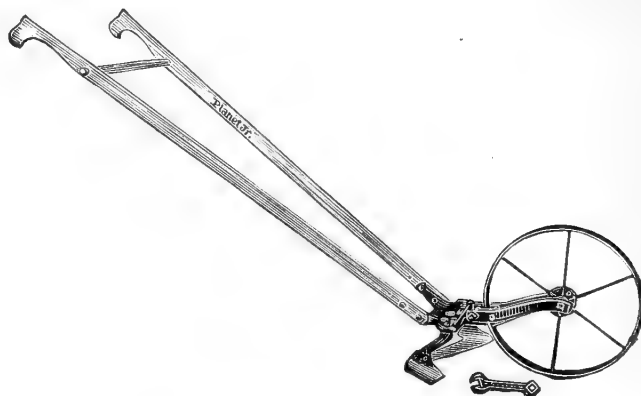

## No. 91 12-Tooth Harrow

This machine gives excellent satisfaction in early summer, when plants are small. Breaks the crust on the ground without covering the tender plants, at the same time destroying the first crop of weeds. **Price, \$13.95.**

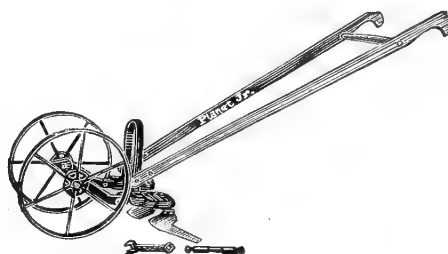

## No. 8 Horse Hoe

For thorough cultivation this machine has no equal; it can be used for plain cultivating or for hilling work in corn, potatoes, etc. The lever wheel and depth regulator make it very easy to operate. **Price, \$17.50.** None available this season.

## No. 18 Single Wheel Hoe

For cultivating small crops the No. 18 is just the thing; simple but very effective. Thousands of gardeners are using them profitably. **Price, \$6.95.**

## No. 13 Double Wheel Hoe

To those who like a double wheel cultivator we recommend this machine. The two wheels make the going more steady. **Price, \$9.95.**
